

Announcement

Summer School CPMSP2 - 2010 “Cognitive and Physical Models of Speech Production, Speech Perception and Production-Perception Interaction” *Part III: Planning and Dynamics*

Berlin – September 27-October 1, 2010

After two successful editions in Lubmin (2004) and Autrans (2007), we are pleased to announce the 3rd International CPMSP2 Summer School on “**Cognitive and Physical Models of Speech Production, Speech Perception and Production-Perception Interaction**”. The summer school will be held in Berlin from the 27th of September to the 1st of October 2010.

The focus of this summer school will be the **planning of speech sequences and its interactions with dynamical properties of speech production and speech perception**. It will be organized around 9 tutorials addressing related issues from the linguistic, neurophysiologic, motor control, and perception perspectives. The following invited speakers have accepted to present these tutorials:

- **Rachid Ridouane** – LPP – Paris: *Units in speech planning*
- **Pierre Hallé** – LPP – Paris: *Units in speech acquisition*
- **Noël Nguyen** – LPL – Aix-en-Provence: *The dynamical approach to speech perception*
- **Linda Wheeldom** – University of Birmingham: *Phonological monitoring in the production of spoken sequences*
- **Jelena Krivokapic** – Yale University: *Prosodic planning in spoken sequences*
- **Paul Cisek** – Département de Physiologie – Université de Montréal: *Human movement planning and control*
- **Marianne Pouplier** – IPS – München: *Dynamical coupling of intergestural planning*
- **Pascal Perrier** – Gipsa-lab – Grenoble: *Gesture planning integrating dynamical constraints and related issues in speech motor control*
- **Peter Dominey** – SCBRI - Lyon : *Sensorimotor interactions and the construction of speech sequences*

The summer school is open to all students, postdocs and researchers. Its aim is to provide a platform for interchanges between students, junior and senior researchers by means of poster presentations, discussion forums and working groups, related to the topics addressed in the tutorials. Further information and conditions for participation can be found at <http://summerschool2010.danielpape.info/>

Dates

Applications with one page abstract :	April 6, 2010
Notification of Acceptance:	May 31, 2010
Conference:	September 27 – October 1, 2010

We are looking forward to seeing you there!

Organisers:

Susanne Fuchs (ZAS Berlin)
Melanie Weirich (ZAS Berlin)
Daniel Pape (IEETA, University of Aveiro, Aveiro)
Pascal Perrier (GIPSA-lab, Grenoble INP, Grenoble)
